

Aviva Cyber Respond Insurance

Target Market Statement

This document has been prepared by Aviva UK General Insurance to provide an overview of our Commercial Lines Cyber Respond Insurance product. It is intended to help distributors understand the target market for this product, at new business and at point of renewal. In addition, distributors should consider whether any changes in circumstances may result in some features of the product no longer being suitable (for example distribution channel, features/covers, communication method and payment method).

Aviva Insurance Limited will overlay some eligibility and risk acceptance criteria which will be applied and shown through the quote process. This will result in some customers for whom the product is suitable not being eligible due to our current risk appetite.

Aviva Insurance Limited is the Product Manufacturer for this product and may source elements of cover from third parties. Full details are contained within the policy documentation.

What features should you be aware of when considering this product?

- We recognise that some individuals have additional support needs, such as alternative formatted documents, when purchasing or understanding our products. Aviva Insurance Limited is committed to helping meet these needs. If additional support is required, please contact us to discuss how we can assist the customer.

- Sales journeys must identify customer eligibility and ensure that key information and choices to be made are presented to customers in a way that supports a customer through the process of understanding core cover and configuring optional elements of insurance to suit their specific demands and needs.
- Whilst there is a degree of complexity driven by the need to select appropriate optional additional covers and tailor configurable elements of insurance, each element, limit or choice is sufficiently simple for customers to understand without advice as the underwriting method frees customers to engage with their cover selection. This alongside the annual renewal process, enables familiarity in order to support their decision making.
- To make sure the Aviva Cyber Respond insurance policy operates fully a certain level of IT security and controls must be in place e.g. data must be backed-up on a frequent basis, up-to-date anti-virus software must be in place and critical software updates must be carried out within prescribed timescales.
- The Aviva Cyber Respond insurance product gives access to our Cyber incident response team which provides immediate support 24/7, coordinating all the specialist support required to:
 - identify, contain and repair a breach and restore data.
 - provide legal and PR consultancy to help safeguard your reputation.
 - notify those individuals affected by a breach and co-ordinate credit or identity theft monitoring for those affected.
 - provide consultancy to prepare for any regulatory notification.
- Cover will typically exclude-any fraud or dishonesty, consequential loss, pre-existing faults in or the unsuitability of programs or computer systems or software, or any failure of infrastructure including the internet or utilities.
- This product does not provide cover for:
 - Business Interruption.
 - Third party liability cover.
- Customers who pay their premiums monthly are more than likely to pay a higher premium than those who pay their premium annually, therefore consideration needs to be given regarding affordability.
