Product information

In accordance with the FCA PROD Product Intervention and Product Governance Sourcebook PROD 4 Product governance rules a product review and fair value assessment has been completed for the Legal Indemnities product.

The product has been subject to Aviva's full product review process and signed off by our authorised approvers as representing fair value to customers and may continue to be marketed and distributed. The pricing structure for the product is fair. The parameters involved within the pricing structure are the maximum discount applicable, start and maximum limits of indemnity as well as base rate.

Aviva's Legal Indemnities product offers a range of specialised covers which are typically requested on advices from solicitors during the conveyancing process. Without the cover, the speed of the conveyancing process is heavily impacted.
