Contract of Insurance

The Contract of Insurance

The contract of insurance between **you** and **us** consists of the following elements, which must be read together:

- your policy wording;
- the information contained on your “Statement of Fact” document issued by **us**;
- the policy **schedule**;
- the **certificate of motor insurance**;
- any notice issued by **us** at renewal;
- any **clause** applied to your policy; and
- the information under the heading “Important Information” which **we** give **you** when **you** take out or renew your policy.

In return for **you** having paid or agreed to pay the premium, **we** will provide the cover set out in this policy, to the extent of and subject to the terms and conditions contained in or endorsed on this policy.

Important

This policy is a legal contract. You must tell us about any material circumstances which affect your insurance and which have occurred either since the policy started or since the last renewal date.

A circumstance is material if it would influence our judgement in determining whether to provide the cover and, if so, on what terms. If you are not sure whether a circumstance is material ask your insurance adviser. If you fail to tell us it could affect the extent of cover provided under the policy.

You should keep a written record (including copies of letters) of any information you give us or your insurance adviser when you renew this policy.

Breach of Term

We agree that where there has been a breach of any term (express or implied) which would otherwise result in **us** automatically being discharged from any liability, then such a breach shall result in any liability **we** might have under this policy being suspended. Such a suspension will apply only from the date and time at which the breach occurred and up until the date and time at which the breach is remedied. This means that **we** will have no liability in respect of any loss occurring, or attributable to something happening, during the period of suspension.

Terms not relevant to the actual loss

Where there has been non-compliance with any term (express or implied) of this policy, other than a term that defines the risk as a whole, and compliance with such term would tend to reduce the risk of:

- loss of a particular kind, and/or
- loss at a particular location, and/or
- loss at a particular time,

then **we** agree that **we** may not rely on the non-compliance to exclude, limit or discharge **our** liability under this policy if **you** show that non-compliance with the term could not have increased the risk of the loss which actually occurred in the circumstances in which it occurred.
