

# Aviva Motor Trade Insurance

## Target Market Statement

*This document has been prepared by Aviva UK General Insurance to provide an overview of our Commercial Lines Motor Trade Insurance product. It is intended to help distributors understand the target market for this product, at new business and at point of renewal. In addition, distributors should consider whether any changes in circumstances may result in some features of the product no longer being suitable (for example distribution channel, features/covers, communication method and payment method).*

*Aviva Insurance Limited will overlay some eligibility and risk acceptance criteria which will be applied and shown through the quote process. This will result in some customers for whom the product is suitable not being eligible due to our current risk appetite.*

*Aviva Insurance Limited is the Product Manufacturer for this product and may source elements of cover from third parties. Full details are contained within the policy documentation.*

### Eligibility Criteria?

- 2 driving options are available which have differing eligibility criteria:
  - **Motor Trade Combined** – covers driving on an unspecified driver basis and is suitable for larger risks operating from commercial premises. Unlimited drivers and vehicle numbers.
  - **Small Business Motor Trade** – covers driving on a specified driver basis and is suitable for smaller risks with or without commercial premises, subject to defined eligibility criteria. Up to 10 named drivers and 10 vehicles.

### Who is Aviva Motor Trade Insurance suitable for?

- Aviva's Motor Trade Insurance product is a Commercial Lines General Insurance product suitable and designed for customers who run a motor trade business with or

without a commercial premise (smaller risks) or from one or more commercial premises (larger risks) in the United Kingdom.

- This product is a modular commercial insurance product which allows the customer to build a commercial insurance solution specifically for their business. Motor Trade is expected to be sold with cover for Property, Liability and/or Motor, with other covers including: Business Interruption, Road Risks, Legal Expenses, Accident & Health, Management Liability, Crime, Cyber, and Engineering being available if required by the customer.

### Who is this product not suitable for?

- Customers who are not involved in running a commercial motor trade business.
- This product is not suitable for consumers as defined by the FCA. A consumer is classed as any person who is acting for purposes which are outside their trade or profession.
- Customers that require short term non-renewable cover.
- Customers who cannot afford the annual or monthly premiums.

### How can Aviva Motor Trade Insurance be sold?

- Aviva's Motor Trade product can be sold face to face or via telephone.
- This product can be sold with or without advice depending on your preference and in line with FCA regulations.

### What features should you be aware of when considering this product?

- There are different underwriting options available when purchasing this product and individuals should consider which option is the best for their circumstances.
- We recognise that some individuals have additional support needs, such as alternative formatted documents, when purchasing or understanding our products. Aviva Insurance Limited is committed to helping meet these needs. If additional support is required, please contact us to discuss how we can assist the customer.

- Sales journeys must identify customer eligibility and ensure that key information and choices to be made are presented to customers in a way that supports a customer through the process of understanding core cover and configuring optional elements of insurance to suit their specific demands and needs.
- Whilst there is a degree of complexity driven by the need to select appropriate optional additional covers and tailor configurable elements of insurance (such as excess), each element, limit or choice is sufficiently simple for customers to understand without advice as the underwriting method frees customers to engage with their cover selection.
- Cover can be on a named driver or open driving basis subject to defined eligibility criteria.
- This product can provide cover for third party liability as required by the Road Traffic Act, and protection for the business' vehicles from accidental damage, fire and theft.
- Customers cannot purchase this product if they unspent convictions or any pending prosecutions.
- This product does not cover things such as:
  - Pre-existing damage or claims because something's faulty or built badly to start with.
  - Damage that's happened slowly over time.
  - Carriage of passengers for hire or reward.
- Customers who pay their premiums monthly are more than likely to pay a higher premium than those who pay their premium annually, therefore consideration needs to be given regarding affordability.

## Optional additional covers/Extensions which are available with this product:

Ways to enhance cover - These options come at an additional cost and can be added to core cover to provide more comprehensive benefits			
Product cover option	This product is designed to provide financial protection if	Who could this option be suitable for?	Who is this product not designed to support, or are there any features that you should be aware of when offering this product to your customers?
