We also use profiling and other data analysis to understand our customers better, e.g. what kind of content or products would be of most interest, and to predict the likelihood of certain events arising, e.g. to assess insurance risk or the likelihood of fraud.

We may carry out automated decision making to decide on what terms we can provide products and services, deal with claims and carry out fraud checks. More information about this, including your right to request that certain automated decisions we make have human involvement, can be found in the “Automated Decision Making” section of our full privacy policy.

How and why we use your information

We (Aviva), and our third parties, collect and use information (including data about health and unspent offences or criminal convictions) about you and, if relevant, somebody else covered under your policy and your business and property.

We do this so we can:

- verify your identity and help prevent fraud
- calculate our risk to insure you
- calculate your price
- set up, assess and maintain your insurance contract with us
- renew and make changes to your cover
- process claims
- carry out marketing, profiling and analytics

We share information within the Aviva Group, our reinsurers (our own insurers) and specific other organisations for these purposes.

The information comes from:

- what you’ve already told us
- data we already hold about you (including from other quotes and policies with us)
- publicly available sources
- other organisations we trust
- data about your device, general location and how you interact with our website

Fraud prevention and detection

In order to prevent and detect fraud we may at any time:

- Share information about you with other organisations and public bodies including the Police;
- Undertake credit searches and additional fraud searches;
- Check and/or file your details with fraud prevention agencies and databases, and if you give us false or inaccurate information and we suspect fraud, we will record this to prevent fraud and money laundering.

We and other organisations may also search these agencies and databases to:

- Help make decisions about the provision and administration of insurance, credit and related services for you and members of your household;
- Trace debtors or beneficiaries, recover debt, prevent fraud and to manage your accounts or insurance policies;
- Check your identity to prevent money laundering, unless you provide us with other satisfactory proof of identity;
- Check details of job applicants and employees.

Claims history

- Under the conditions of your policy you must tell us about any insurance related incidents (such as fire, water damage, theft or an accident) whether or not they give rise to a claim. When you tell us about an incident we will pass information relating to it to a database.
- We may search these databases when you apply for insurance, in the event of any incident or claim, or at time of renewal to validate your claims history or that of any other person or property likely to be involved in the policy or claim.

It is important that adequate values for the property insured are advised to us. Any claims settlement may be reduced in the event of underinsurance.

You should show these notices to anyone who has an interest in the insurance under the policy.

Material Circumstances

IMPORTANT - This policy is a legal contract

Please remember that you must make a fair presentation of the risk to us. This means that you must:

- (1) disclose to us every material circumstance which you know or ought to know or, failing that, sufficient information to alert us that we need to make further enquiries; and
- (2) make such disclosure in a reasonably clear and accessible manner; and
- (3) ensure that, in such disclosure, any material representation as to a: (a) matter of fact is substantially correct; and (b) matter of expectation or belief is made in good faith.

A material circumstance is one that is likely to influence an insurer in the acceptance and assessment of the application. You must also make a fair presentation to us in connection with any variations, e.g. changes you wish to make to your policy. If you fail to make a fair presentation of the risk then this could affect the extent of cover provided or could invalidate your policy, so if you are in any doubt as to whether a circumstance is material then it should be disclosed to us.

Disclosures should be specific and made in a reasonably clear and accessible manner. We will not be deemed to have knowledge of any information generally referred to (for example the contents of company websites listed in the risk presentation) or any matter not expressly drawn to our attention.

Each renewal invitation is made on the basis of the information we have at the time it is issued. We may revise or withdraw it if, before the date your renewal takes effect, any event occurs that gives rise to a claim or alters the material circumstances under this insurance, even if we are notified after your renewal date.

A copy of the policy wording is available on request. All documentation is available in large print, audio and Braille. If you require any of these formats, please contact your insurance advisor. You should keep a record of all information supplied to us for your future reference.

If for any reason you are unhappy with the product or service, please get in touch as soon as possible. For contact details and more information about the complaints procedure please refer to your policy documents. Where a complaint cannot be resolved to your satisfaction you may be able to ask the Financial Ombudsman Service (FOS) to carry out an independent review. Whilst firms are bound by their decision you are not. Contacting them will not affect your legal rights.
