Date	31/03/2026

This document has been produced by Aviva Insurance Limited in accordance with our regulatory responsibilities as a Product Manufacturer of UK General Insurance products. It is intended for use by our Distributors and not for customers or operational staff.

The fields below should be completed by the carrier. The information provided should be sufficient for distributors in the chain to understand the value of the product, the intended target market and those to whom the product should not be marketed. Other information should be included (if relevant) to advise distributors of how their known or expected actions might affect the value of the product.

Our products are governed in accordance with the FCA PROD 4 rules and Consumer Duty, and we review our products to assess their value and customer outcomes as a minimum on an annual basis.

The Fair Value Assessment Outcome table below shows the date and result of the product review, which has been approved by authorised approvers. In conjunction with the referenced documents, this information provides a comprehensive view of the product's value, its intended target market, and those for whom it is not suitable. The product has undergone Aviva's full review process and has been confirmed as offering fair value to customers. It is therefore approved for continued marketing and distribution.

Firms must evaluate fair value for both the initial term and renewals of non-investment insurance products over a reasonably foreseeable period. The definition of a "reasonably foreseeable period" depends on the product type, policy term, underlying risk, and how long customers in the target market are expected to keep the product. UK General Insurance monitors the external regulatory and commercial environment to ensure

the products can continue to offer fair value to customers for the foreseeable period of time. If any factors are assessed as having a potential or actual impact on the value, this should trigger a deep dive, a fair value assessment or a product review to be undertaken. The conduct metrics we use in assessing value are prospective, projecting a view of future value to customers for each policy term.

Aviva's Product Approval Process can be found [here](#). Further information for our distributors about Aviva's Product Oversight and Governance (POG) arrangements can be found [here](#).

In accordance with the Financial Conduct Authority (FCA) regulation such as Product Intervention and Product Governance Sourcebook PROD4 and Consumer Duty a product review and fair value assessment has been completed for the Private Car Powerpoint product.

Fair Value Assessment Outcome

Product Reviewed	Date of Review	Date of next review	Outcome
Private Car	31/03/2026	31/03/2027	Aviva's review of this product against these measures has evidenced that the product is meeting the needs of the target market (for the period reviewed), providing fair value for a foreseeable period and is providing good outcomes for our customers.
